

**Yass Olympic Pool  
2008/2009 Season**

A good season in all areas of the pool with record numbers attending early morning swimming

Aqua aerobics returned in the 2008-2009 season led by Aqua instructor and life guard Lisa Bush. Classes for all levels on Monday and Wednesday mornings and Tuesday and Thursday nights were well attended with participants working hard in a safe friendly environment.

Swim lessons held during January were a great success with both weeks fully booked. Every child worked hard to improve their skills and was presented with an award for their achievements.

Families patronised the pool during school holidays escaping from the heat, swimming with friends.

The Yass and Binalong Shine Shield swim carnivals were well supported and an enjoyable time was had by all. Yass were victorious in the Shine Shield and also the TW Sheahan relay trophy.

The completion of the new Disabled toilet / Parenting room has proven to be a valuable asset to the pool facility. Comments from all users have been very favourable. New shade structures were placed over current seating along the pool and a complete seating and shade structure was erected at the toddler's pool. Both the above projects were carried out by local Yass businesses, these projects have certainly added to the comfort and convenience of patrons.

Again the pool has been heavily utilised by all Yass schools through sport, PE and their swim carnivals.

The pool staff maintained and managed the pool to an excellent standard throughout the season, and provided a high standard of supervision at all times.

# Yass Show Welcomes Local Support

Another successful Yass Show was held over the weekend of 28-29 March, thanks to the continuous support given from local electricity supplier Country Energy, who again sponsored the Show this year.

Yass Show Society President Frank Grace thanked Country Energy for their continued involvement.

“Country Energy provides the ongoing support that this event has needed, and thanks to this cooperation, a fun and fantastic show was held - one of the best,” Frank said.

“We appreciate the commitment that Country Energy provides to supporting local events like the Yass Show, and the support Country Energy has provided in the past and

present – they really are part of the Yass community and it’s great to see them getting involved.”

Country Energy’s Regional General Manager South Eastern, Jeremy Gray said that the organisation was committed to supporting the Yass Valley community.

“Supporting events such as the Yass Show helps bring together communities from around the region and attracts a significant number of visitors each year – adding value to the Yass Valley area,” said Jeremy.

“We are excited to have been involved with the Yass Show once again and provided whatever assistance necessary to make this show as good as the last one – and to ensure the event is as successful in the future.”

The Yass Show was held on 28-29 March at the Yass Showground.
