eco logical solutions

†Compared to 11L single flush toilet suite.

*Conditions apply. The **ToiletSmart** program is only available to Yass Valley Council Homeowners for residential properties connected to Yass Valley Council's water supply network. Prices are for the three Caroma Smartflush® toilet suites (white only) as shown in the Yass Valley Council **ToiletSmart** brochure in either S or P trap and are based on a fully installed price inclusive of the Yass Valley Council **ToiletSmart** \$200 rebate per toilet suite. Non standard installations will incur additional charges. **ToiletSmart** program applicable for the replacement of old single flush or 9/4.5L dual flush toilet suites only. A maximum of two **ToiletSmart** rebates may be claimed per metered premises. Payment in full will be required on completion of installation. Cash or cheque payment accepted. Failure to keep an appointment may incur a service call out fee. All installations in rental properties must be arranged for by the property owner or their managing agent. Offer applies until 31st December 2009 or while stocks last. For comprehensive terms and conditions and further information on the **ToiletSmart** program please call 6241 7127 or visit www.yass.nsw.gov.au

Printed on 100% Recycled paper.

- ✓ Includes 100% removal of your old toilet

Take full advantage of this upgrade!

- 1 Choose the toilet suite you would like installed.
- 2 Before you call the Master Plumbers just follow these simple steps and have the information on hand when booking your appointment. They will need to make sure the toilet you select will fit in your bathroom.
 - Does your current toilet have an S or P trap? (refer to Diagram 1 or 2 below).

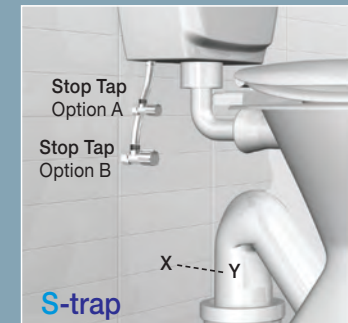

Diagram 1

Diagram 2

- If your toilet has an S-trap you have to measure the distance from the wall to the centre of the toilet drain (from X to Y, see Diagram 1). Enter measurement here
- If your toilet has a P-trap you have to measure the distance from the centre of the toilet drain to the floor (from X to Y, see Diagram 2). Enter measurement here
- Where is your stop tap located, level with or below the toilet seat (choose Option A or Option B)? If your stop tap is located above these levels please Master Plumbers know.
- 3 Call Master Plumbers on **6241 7127** to arrange an installation. (between 9:00am and 2:00pm Monday to Friday)
