## Tips for Using the Online Member Portal for the Swimming Pools.

### **General Information**

All memberships are to be purchased through the online portal.

All classes offered at each pool require each patron attending the class to book through the online portal.

### **Family Season Pass**

When purchasing a family season pass all family members need to be included when signing up. To add a family member please click on:

[+ Add Shared Membership Member](#)

This will create an individual profile for each family member.

### **Day Pass (casual)**

Purchasing a day pass (casual) entitles the patron entry to the pool on the day you purchase the pass ONLY. Pre-purchasing of a day pass is not available.

### **Payments**

The first payment made through the online member portal will automatically save your credit card details to your profile. Any payments made after this will automatically be charged to this card. To amend these details please go to:
