

Dead, Dying or Dangerous Tree

Under the Yass Valley Council Tree Preservation Order 2005

The Yass Valley Council Tree Preservation Order 2005 exempts tree damaging activities where the tree is dying or dead, or has become dangerous.

Where a tree is dead or dying, it may be removed without Council consent, provided:

Written notice about the proposed works is provided to Council at least seven (7)
days prior to the works being carried out (signed by the owner);

AND

 The attached form (to be completed only by suitably qualified or experienced arborist or tree surgeon), substantiating the claim that the tree is dying or dead, is received by Council at the same time as the written notice.

In the event of an emergency (such as a severe storm), or if a tree is dangerous (that is posing an immediate risk of causing damage to property or endangering human life), the tree(s) may be immediately removed, without Council consent, provided:

• Verbal notification is provided to Council within 24 hours of the removal;

AND

The attached form (to be completed only by the State Emergency Service (or equivalent service), or a suitably qualified arborist or tree surgeon), substantiating the claim that the tree was dangerous, is received by Council within seven (7) days of the removal.

Tree Condition Form Dead, Dying or Dangerous Tree Removal

Under the Yass Valley Council Tree Preservation Order 2005
